

# Honor Guard Weather Briefing

## Overview

This weather briefing provides the forecast for the Honor Guard ceremony scheduled on February 22, 2026 at 2:00 PM at 1224 Moore Hwy, Tifton, GA (American Legion Post 21).

## Temperature

High: 58 °F

Low: 33 °F

## Wind

Expected wind speed is 16 mph from 319°. Wind chill may affect comfort and flag handling.

## Precipitation

Chance of precipitation is 4%. No rain expected during the ceremony.

## Humidity

Humidity levels will range from a high of 73% to a low of 26%.

## Sky Conditions

Skies will be Sunny throughout the day. Sunrise at 07:08:59 AM and sunset at 06:26:42 PM.

## Operational Notes

Honor Guard members should dress appropriately for cool and breezy conditions. Ensure secure handling of flags due to moderate wind speeds. Hydration is important despite the cooler temperatures. No rain gear is expected to be necessary.
